FOR IMMEDIATE RELEASE

Bunch Opens New Office Building

Lakeland, Florida
December 10, 2004

On December 16, 2004, Bunch & Associates, Inc. will dedicate its new corporate headquarters at 3500 Reynolds Road in Lakeland, Florida. The grand opening celebration will begin at 3:00 pm EST and will continue until 6:00 pm EST. The formal dedication at 4:00 pm EST is preceded by an Open House of the new 52,000 square-foot, state-of-the-art facility. Scheduled attendees include local dignitaries as well as representatives of clients, vendors and service partners.

This celebration represents a new era of disability management for a company which started almost 15 years ago with only three employees and no office building. Since 1988, Cynthia Bunch, RN, CDMS, ABDA, has worked tirelessly to deliver the quality services essential to improve the lives of each person involved in a workers' compensation claim. The company's perpetual growth and glowing references are evidence of her success.

Bunch has over 350 employees and has experienced over 40% growth consistently over the past several years. Seven regional service centers, operating in five states provide customized solutions for the challenges inherent to workers' compensation claim management. Today, Bunch & Associates, Inc. is recognized nationwide as one of a very small group of large-scale, preferred partners for disability management solutions.

Risk managers depend on companies like Bunch & Associates, Inc. to ensure their injured employees receive prompt and effective medical care, which in turn contains the soaring expense of workers' compensation losses. Bunch & Associates, Inc. employs nurses who coordinate medical recovery telephonically, as well as medical bill review personnel, who ensure that each medical provider is compensated fairly and efficiently for services rendered.

Integrating technology, service and value, Bunch & Associates' multi-disciplinary approach brings claim adjusters, nurse case managers, medical bill review staff and treating physicians together to act as extensions of its clients' Risk Management Departments. Working together, Bunch & Associates has proven its ability to significantly improve the results achieved by traditional insurance programs.
