Lakeland, Florida  
October 25, 2005

Bunch is excited to announce its first annual Managed Care Summit. On October 27-28, 2005, Bunch will be hosting a conference for current and potential clients. The venue for the event is the Omni Orlando Resort at Champions Gate, in Kissimmee. In addition to representation from existing clients, several potential clients and industry partners will be participating.

The Summit includes interactive discussions on topics such as regulatory changes, pharmacy management, return to work strategies, strategic case management models, Bunch's web tools (ProviderNet and MedNet), Bunch paperless solutions and predictive modeling. Bunch is excited to host this event and anticipates a productive and informative sharing of ideas, as the first of many summits to come.
