FOR IMMEDIATE RELEASE

## **NEW ACCOUNT: STRATEGIC OUTSOURCING INC.**

Lakeland, Florida  
May 1, 2009

Bunch & Associates, Inc. (“Bunch”) is proud to have been selected as the workers’ compensation managed care service partner of choice for Strategic Outsourcing Inc. (“SOI”). In spring of 2009, Bunch began providing SOI with medical case management, medical bill review and network management services nationwide. Experienced in the professional employer service industry, Bunch is confident that its superior service, advanced technology and unsurpassed results will produce stellar savings beyond expectation.

In operation since 1990, SOI provides human resourcing services and risk management solutions to select industries in all 50 states. SOI, one of the leading Professional Employer Organizations (“PEO”) in the nation, employs highly skilled specialists to perform the “non-core” administrative functions of a business, allowing companies to focus on “core” profit earning functions. With SOI’s expertise, experience, and industry knowledge, companies are getting down to business utilizing services like: payroll administration; workers’ compensation management; employee benefit management; human resource and compliance; and employment practices liability insurance.

Bunch is excited to provide state-of-the-art services for SOI and its employees, and looks forward to a long-term joint venture in the years to come.

### ***About Bunch & Associates:***

Bunch & Associates is a disability management company headquartered in Lakeland, Florida. It is recognized by many employers as a preferred partner because it truly delivers service beyond expectations. Integrating technology, service and value, Bunch’s multi-disciplinary approach brings claim adjusters, nurse case managers, medical bill review staff and treating physicians together to act as extensions of the employer's Risk Management Department. Working together, Bunch has proven its ability to significantly improve the results achieved by traditional insurance programs.
